The Mayor Accepts

The Mayor's response is as follows:

"Executive Office, Louisville, May 1, 1909.—William Marshall Bullitt, Chairman Board of Public Safety, Louisville, Ky.—Sir:—I accept your resignation on May 29 until you insist that I accept your resignation as a member of the Board of Public Safety, tendered February 27. On that occasion you had said you did not urge your resignation and had hoped that would not be necessary for me to accept it. I am compelled to yield since you again ask to be relieved from duty.

Our pleasant association makes it unnecessary for me to say that I am sorry to lose you as a member of my official family. Your enthusiastic efforts have been responsible for some measure of success of this administration, and your energetic and enthusiastic loyalty to me in the effort to carry out the pledges made to the people give them the greatest satisfaction to me, as well as to all of those who have labored with us and has helped largely to make possible our present地位.

No one knows better than yourself the opposition this administration has met from the public, no one sympathized with the policies adopted by our party in 1907 as its faith and approval by the people in the election following, or has been more zealous in the pursuit of some personal ambitions have sought to embarrass the administration. Against this opposition you have fought and have not swerved. For this reason the people of Louisville who care much for good government and admire a courteous honest man such as a loss in your retirement.

I appreciate and thank you for your experience and confidence, and assure you that I shall depend upon you as a citizen to encourage the work of giving the people the kind of government they expected of you. We are bound to return to power.

Our party is on trial before the people. The forces working against good government are strong, and we are in official you have helped to keep the party true to the promised course; as a citizen your loyal support will be welcome and effective.

"I assure you of my warm, personal regard, and thank you again for your unfailing loyalty. My best regards to every success go with you sincerely yours,

"J. GRINSTEAD, Mayor."

Two On Guard—Italian Tips
Off Plot.

New Orleans, May 2.—The declarations of an Italian, arrested in Chicago last night, that three executives of the United States, Petrasino, Longhardsen and Dantonia, had been marked for death by the Black Hand Society, was not the first intimation to Detective John D. Lattimore that the Orleans man of the three officers mentioned, had received of a contemplated attempt on his life.

A few hours ago he was advised by a friend in Chicago that there was a plot on foot to kill him and not all disturbed," said Dantonio. "I am propose to continue every effort to bring Black Hand criminals to justice in the future, as I have done in the past."

Dantonio has played a conspicuous part in rounding up Black Hand criminals in New Orleans since his appointment for the police department. While he would make no statement concerning the matter, it is thought he has been informed of the discovery of facts here that might have a bearing on the assassination of Detective Petrasino in Italy.

Hoosiers Trounce Offerings of Puttman, Selby, Halla and Chabek For Twenty Hits.

A LOVING CUP FOR BURKE

ONE of the most remarkable baseball contests ever played in Louisville was witnessed by a big crowd at Eclipse Park. The contenders for supremacy were the Colonels and the Indianapolis Browns. The conflict ended in favor of Carr's team by the score of 19 to 9. It took two hours and thirty-five minutes to finish the ten-inning engagement.

The Hoosiers gained the victory because they pounded the ball safely to all parts of the lot. The bombardment of the sphere by the visitors was terrific, and when the heavy slugging ceased the local players were almost exhausted in chasing the horses.

In the tenth the Hoosiers secured ten runs. A base on balls to Howley, Quinlan to Peitz, and a walk to Peitz, followed by a hit to Dunnaway, and a double to Dunnaway. Hayden doubled to right along the foul line. Carr walked, his base on the mound. Burke landed one through the plate, and Peitz and Dunnaway, and Howley went behind the plate. Peitz foisted Tate's hard grounder and Delehaney crossed home. Tate was caught second time stealing and the side was out.

The ninth inning yielded the visitors one more run.

FIRMER TONE

Noted In Pig Iron Market
For Southern Fields.

HEALTHY BUYING IN BIRMINGHAM DISTRICT.

STEEL RAILS BEING EXPORTED TO MEXICO.

COKE GOING TO COSTA RICA.

Birmingham, Ala., May 2.—(Special)—The month has opened with pipe iron quotations in the Southern territory on a firmer basis than for some time. Already ready some of the furnace companies, encouraged by the business transacted during the past month and the prospects for this month, have begun sounding a still better price. No. 2 foundry should be selling all around at \$12 per ton, and some companies are quoting prices still out of the market altogether, a third company not selling beyond three months, one of the larger companies is now quoting \$12 per ton, and coke to Costa Rica. It is understood that steel and iron both have been shipped to South America. The return of President Crawford, of the Tennessee Coal, Iron and Railroad Company, from a trip to Italy, Spain and other countries may mean that he will be back in time to give an order for the steel and iron which he had contracted for. Mr. Crawford was ill for several weeks and was at a local hospital. After he had recovered he quite well, but the trip abroad was proposed about the time that he was ill announcement was made that some scrap steel had been shipped from the United States. The general impression was given that Mr. Crawford's trip abroad would not be amiss other than for his health.

Talk of Increasing Coke.

The sales of iron made by two or three firms, companies for the last few days of the month with each firm indicating the necessity to increase the make of the iron. Five ironmakers will be in the market next week, and the market of the present month; in fact, these furnaces can be started up now. Every engineer who will let it, is given out, that the demand becomes greater and, this being remembered, the market for the latter part of the year. Practically every company in the territory sold during the month, and in some instances there was some very healthy buying when the prices were quoted. Some companies are now summer laying out for future use. The market has been holding up well. The shipment of basic iron from the Birmingham district is steady, and some are going out mostly from the Easley furnaces. Some of the other companies have been getting out of the market, and the special brand of iron has been in fairly good demand also.

Big Orders For Pipe.

The home consumption is picking up again. The cast iron pipe plants have lost no time and healthy shipments of pipe have been sent out. Starting with the starting of an order for several thousand tons of pipe for Kansas City by one of the large plants in this district, some companies have come in and said already of the San Francisco and Cuba orders for cast iron pipe, but the order for the latter has not yet come. The same city received no comment until the past week. Much pipe is to leave this port for the West Coast during the month of May, and there is nothing in sight to warrant the least hesitation in

Bible Is Believed by Evangelist J. E. Brown.

SAYS THAT CHRIST BELIEVED FISH STORIES.

IMPOSSIBLE TO ACCEPT NEW AND REJECT OLD BOOK.

THE HEART MUST BE RIGHT.

With the same old-fashioned psalm that thousands of years ago, for Moody and Sankey, and with the same forceful arguments given in an off-handed, eloquent and convincing manner, the appeal for a firmer belief in the "old book"—the Bible—the Rev. Joseph E. Brown went straight to the hearts of the big audience that crowded into the Beauvoir Methodist church yesterday afternoon at the first of the evangelistic meetings especially assigned for the men folk. When, at the conclusion of the services, the Rev. C. P. Curry, the sweet-singing evangelist, rendered "The Friends," many strong men in the audience wept.

During the earlier part of the services the entire congregation sang hymns. "The Old Religion" and the vine and enthusiasm with which it was sung was later made apparent that the old method of stirring the soul was still the most effective. The Rev. Dr. T. M. Hayes stood up at the end of the services and asked those of his listeners who were Christians if among them the entire audience stood up. LID SLIPS A COG,
SAY POLICE OFFICIALS**TWO SALOONKEEPERS CHARGED**
WITH VIOLATIONS OF LAW.**CAPT. FOSTER LAID SIEGE TO**
COSGROVE'S PLACE.**ALL OFFENDERS GIVE BOND.**

Only a small crop of saloons was gathered by the police yesterday. There is only two. The scarce few were the survivors of a rather dismal bit of discussion, and it is believed the cold weather has had something to do with it. The first drink emporium alleged to have been caught by the police was that of Joseph Schuman, at Preston and Caldwell streets. When Detectives Slater and Rosenfeld passed Schuman's place they spied a man inside who looked like he had been to the hospital. The officers were gratified to see the individual put a bottle of whisky and proceeds to get a cigar. The man was drunk of the lotion in a many and masterful manner. Then they touched him on the shoulder and told the detective that his name was Harland Thompson. The three track-backed to Schuman's establishment and when he was confronted with his alleged customer.

Schuman became somewhat excited, never having been General, too particular about it. The proprietor told the officers that he was upstairs over the saloon, but he knocked a beautiful lime drive to deep left center and easily made the circuit. Williams, Harper, respectively, took chances at short and Harper twelve on first. Deekin stole both second and third in a single trip. The visitors were retired with only one run being scored.

Danny Lally registered Portland first home run, with the ball knocked a beautiful lime drive to deep left center and easily made the circuit. Williams, Harper, respectively, took chances at short and Harper twelve on first. Deekin stole both second and third in a single trip. The visitors were retired with only one run being scored.

Sadler Does Not Allow a Hit.

In their game at Fairmount Park, New Albany, yesterday the Hirsch Bros. had no trouble in defeating the New Albany Stars, the score being 7-0. The Stars were held to a blank score by the Hirsch Bros. in a splendid form and pitched a no-hits game. He was given splendid support, and only two men reached base, and one of them was hit by a ball and the other on a foul thrown by Klosterman. Outside of the misplays the Hirsch Bros. were knocked off by the Stars, who were the best team in the city. The result of the little talk on the side was that instead of being placed under arrest, he was released on his own recognizance, the commanding officer, that he might appear as a witness against the responsible persons. After “aid” in the case of stomach-ache, Schuman was released on bond.

Capt. Foster Makes Raid.

After a siege lasting about a half hour Capt. Foster and police of the Fourth police district were permitted to enter the saloon of Edward Cosgrove at Twenty-third and Main streets at 12:45 o'clock yesterday afternoon. Eight men besides the proprietor were found in a room on the second floor of the building.

Capt. Foster says he received information that Cosgrove was doing business and, assisted by Patrolmen Hofferter, White and Conner, he entered. White and Conner, he surrounded the saloon. A side door was finally opened and the police went in. They found the alleged offenders. Capt. Foster says he found one of the men, who gave his name as Roy, at Lamont's, 1000 Main, and another as a feather bed, where he had attempted to hide.

In a room on the first floor in the rear of the saloon the police say they found several bottles of beer, among which were two half-filled bottles and two empty ones. These were charged with disorderly conduct.

Milton Devitt, a spectator, who was standing on a corner, is alleged to have abused Patrolmen Hofferter, White and Conner, and to have been held up by the Fourth police station. Cosgrove was charged with violating the Sunday-opening law, while the other men who were arrested were charged with a tetra. The result of the little talk on the side was that instead of being placed under arrest, he was released on his own recognizance, the commanding officer, that he might appear as a witness against the responsible persons. After “aid” in the case of stomach-ache, Schuman was released on bond.

Joseph McHugh Arrested.

Joseph McHugh, son of Patrick McHugh, a grocer at Eleventh and Market streets, was arrested at 8:30 o'clock yesterday morning on a charge of violating the State's closed on Sunday closing law. McHugh and J. P. Maloney, a friend, were seen in the saloon when the police walked into a room in the rear of the grocery. Patrolman Brockman says that he found empty glasses and plates, and he was sure that the Sunday-closing law was being violated. McHugh was also arrested. He was charged with disorderly conduct. Both were released on bond.

Patrick McHugh Arrested.

Patrick McHugh said yesterday that he had been out of town all day, and that his son and friends had just returned from church and had set down to enjoy a smoke when the police walked through. He was waiting on a number of customers. He denied that the law was being violated.

Alleged Bootlegger.

Charged with selling liquor without a license, William Paulette, colored, of 87 West Grayson street, was arrested yesterday afternoon. He was held on a charge of seventh and Grayson streets. It is alleged by the police that the negro had been peddling liquor unlawfully for some time. Paulette says he is innocent.

INTEREST INCREASES IN MAY MUSIC FESTIVAL

MANAGERS HOPE TO MAKE IT A FINANCIAL SUCCESS.

BEST BUSINESS MEN BEHIND THE BIG ENTERPRISE.

ORGANIZED TWO YEARS AGO.

Interest in the May Music Festival, which opens in the Academy next Thursday evening and closes the following Saturday evening, has been so keen that it has stirred up interest also in the organization which is producing the event. The May Music Festival Society was organized for the festival of 1907, and a guarantee fund of \$40,000 to insure the carrying through of at least three festivals was raised. This is the second biennial festival given under those auspices.

Peter Lee Atherton, recognized as one of the most public-spirited citizens Louisville has ever possessed, was the first president of the society. Ill-health, however, compelled him to resign that same last spring, and the committee appointed at that point, and he afforded employment to scores of men. During the years the industry has been able to operate a number of schools, although the number and value have been greatly exaggerated.

Hunting Mussel Shells.

The Steamer Harry Company of Henderson, Ky., established a camp of forty mussel shell gatherers on the banks of the Ohio River eight miles below New Albany, and they will begin soon the work of gathering mussel shells, which are to be shipped to Muscatine, Ia., where they will be used in the manufacture of glass at the extensive factory at that place. For several years these shells have been gathered at that point, and have afforded employment to scores of men. During the years the industry has been able to operate a number of schools, although the number and value have been greatly exaggerated.

To Elect Truant Officer.

The County Board of Education of Floyd county at the election to-day in New Albany will select the truant officer to serve during the next term. The candidates mentioned include Maynard William Ford and George Wright, of Franklin township; William Bradley, of New Albany, who will begin his term on June 1; and J. E. Maynard, of Mayfield.

More candidates will probably appear before the race begins and the candidates will be exceedingly lively. At this session of the county board reports of the enumeration of the schoolchildren in the various townships of the county will be presented by the public schools of the county will be considered. The Board of Education is composed of the trustees of the various school corporations of the county, with the exception of the School Board of New Albany.
